COLONEL GEORGE B. McCLELLAN  
ELECTED MAYOR OF GREATER  
NEW YORK.

PLURALITY OF ABOUT 70,000

E. M. GROUT, C. V. FORNES AND  
REMAINDER OF TAMMANY  
TICKET WIN OUT.

PUBLIC SENTIMENT CHANGES

McCLELLAN MADE GREAT GAINS  
OVER THE LOW VOTE OF  
TWO YEARS AGO.

New York, Nov. 4.—After a campaign in which there were united against him nearly all of the newspapers and almost every preacher in New York City, George B. McClellan, son of the Civil war general, was elected mayor of Greater New York over Seth Low, Fusionist, the present mayor, by a plurality of about 70,000. Edward M. Grout was elected comptroller and Charles V. Fornes president of the board of aldermen. These two men were originally on the Fusion ticket and were endorsed by Tammany, whereupon the Fusionists took their names from the Low ballots and nominated other candidates. It was the nomination of Grout and Fornes by Tammany that caused Hugh McLaughlin, veteran leader of the Kings

GEORGE B. McCLELLAN.

county Democracy, to bolt and declare that he would not support men who were not Democrats. In spite of his defection, however, McClellan, Grout and Fornes carried Kings county. A surprise was the low vote for W. S. Devery, formerly chief of police. Change of Public Sentiment. This result shows a tremendous change of public sentiment since Mayor Low's election two years ago, when he won by 31,632. At that time he

carried all the boroughs but one.

Yesterday McClellan carried Manhattan and the Bronx by about 58,000, a gain of 63,000; Brooklyn by about 6,000, a gain of 31,000, and Queens by about 5,000, a gain of more than 4,000. This makes a total net gain for McClellan of about 103,000, as compared with Shepard's vote of two years ago. Low carried only one borough, Richmond, by about 200 votes.

The result was known early and at 8:15 o'clock Mayor Low sent a telegram of congratulation to Colonel McClellan.

Colonel McClellan, who is at present a member of congress, made a statement, in which he expressed gratitude to his fellow citizens for their confidence in him, renewed his promises made before election; said he would attend the extra session of congress and then turn his attention to the affairs of the city, and concluded by saying his victory should encourage and unite all Democrats for the next presidential contest.

The victory means that Mr. Murphy, who made up the Democratic ticket and managed the campaign, will remain leader. Plans had been made by certain independent Democrats based on the belief that Low would be re-elected, to reorganize the Democrats with Tammany left out.

Caused Astonishment.

The carrying of Brooklyn by McClellan caused astonishment as it was believed the cry of "no red lights in Brooklyn" would cause an increased vote for Low in that borough.

Mayor Low's supporters urged his re-election on the ground that no partisan question was involved, but that every man should vote to uphold the existing administration because it had given the city a businesslike conduct of affairs and because it had done much to stamp out the "red light" evil of the East Side. It was argued by Fusionist orators that the return of Tammany men to office would mean a "wide-open town."

The Democrats claimed Low was trying to control the city for Governor Odell and that all Democrats should support McClellan because of the hearing the election had on the presidential contest next year.

McClellan's plurality is now estimated to be 61,000.

The Democrats elected four of the five borough presidents. Cromwell, Fusion, won out in Staten Island.

Returns from the state indicate the election of Republican mayors in Syracuse, Rome, Elmira, Plattsburgh, Rochester, Albany, Binghamton, Watertown and Oneida. In Oswego, Utica, Schenectady, Troy and Amsterdam Democratic mayors were elected.

## CARRIED A LOADED REVOLVER.

Brooklyn Man Goes to Washington to See President Roosevelt.

Washington, Nov. 4.—Lewis Bronstein, a tailor of Brooklyn, N. Y., came here Tuesday to see the president and is being detained at police headquarters, pending an official examination into his sanity. He called at the residence of Rabbi Julius T. Loeb, where he made statements in connection with the object of his visit which caused the rabbi to turn him over to the police. When searched a loaded revolver and several loose cartridges were found on him. Bronstein said that his nephew had tried to kill him. His object in wishing to see the president was to ask the president to use his influence in preventing any further attempts on his life. Bronstein's relatives have been communicated with.

## WANTED FOR CHICAGO MURDER.

"Jimmy" Lonnegan, Arrested Recently for Bank Robbery.

Waukesha, Wis., Nov. 4.—It developed here during the day that "Jimmy" Lonnegan, alias P. Burns, arrested in St. Paul on Thursday last and brought here in connection with the Eagle bank robbery of a year ago, is the "tall man" wanted by the Chicago police in connection with the murder and robbery in the Cottage Grove avenue barns of the Chicago Street Railway company some months ago. Sheriff Schell and a special deputy are carefully guarding Lonnegan and the Chicago authorities have been notified of his arrest. Lonnegan is also believed to be the fourth implicated in the Eagle bank robbery, the other three, Davidson, McKay and Packard, having been arrested, Packard being captured the same time Lonnegan was taken last week.

## CAPTAIN EWEN IN DANGER.

Twelve Shots Fired at Star Witness in Kentucky Feud Cases.

Lexington, Ky., Nov. 4.—Twelve shots were fired at Captain B. J. Ewen, the star witness in the feud cases recently tried in Breathitt county, as he passed along the dark end of Walnut street last night. The shots were fired from a blind alley. One went through his hat and another through the lapel of his coat, but none of them touched him. Ewen returned the fire ineffectively and the assailants escaped.

## Two Trainmen Killed.

Augusta, Ga., Nov. 4.—A fast freight on the Georgia railroad ran into an open switch eight miles from Augusta, derailing the engine and six cars and killing Fireman Veno and one negro trainman and severely injuring the engineer and two other train hands.

## Montana Town Scorched.

Butte, Mont., Nov. 4.—Basin, Mont., was almost destroyed Tuesday by fire which started from a bonfire built by some children at play. All the business section has been wiped out and the fire is still burning. The loss is \$50,000.

TO PROTECT INTERESTS OF  
UNITED STATES.

Panama, Colombia, Nov. 4.—The independence of the Isthmus was proclaimed at 6 p. m. Tuesday. A large and enthusiastic crowd of all political parties assembled and marched to the headquarters of the government troops, where Generals Tovar and Amaya, who arrived Tuesday morning, were imprisoned in the name of the Republic of Panama. The enthusiasm was intense and at least 3,000 of the men in the gathering were armed.

The battalion of Colombian troops at Panama favors the movement, which is also thought to meet with the approval of the officers of at least two of the government transports now here.

## ACTIVITY AT WASHINGTON.

American Warships Ordered to the Scene of Trouble.

Washington, Nov. 4.—Advises were received last night from the Isthmus of Panama to the effect that a revolution was in progress and that independence had been proclaimed. President Roosevelt at 9 o'clock sent for Secretary Hay, Acting Secretary of the Navy Darling, Assistant Secretary of State Loomis and Rear Admiral Taylor, chief of the bureau of navigation, to come to the White House, whence, after a conference lasting nearly two hours, orders were dispatched to the Dixie and the Atlanta, on the Atlantic side, and to the Boston, on the Pacific coast, to proceed with all possible speed to Isthmian waters to aid the Nashville in protecting American interests and in maintaining a free transit across the Isthmus in accordance with the treaty of 1846.

Orders also were sent to Rear Admiral Glass, commanding the Pacific squadron, consisting of the Concord, Marblehead and Wyoming, at Acapulco, to coal immediately and hold itself in readiness to proceed on a moment's notice to Panama.

When the Baltimore reaches San Domingo orders will be cabled to her to go to the Isthmus if the situation demands her presence.

The rejection of the Panama canal treaty is generally supposed to be the moving cause of the revolution, but no official information on this subject was obtainable.

## To Protect American Interests.

After the conference the statement was authorized that the sole purpose of the dispatch of the vessels was the protection of American interests and the maintenance of open transit on the Isthmus. The most explicit instructions have been sent to the American consuls at Panama and at Colon and to the commander of the Dixie, who will be in charge of the vessels on the Atlantic side, to direct all their movements with this end in view.

The further statement was authorized that the state department regards the situation as serious, but that the arrival of the Nashville Tuesday and the immediate dispatch of the other vessels insures the protection of American interests.

The following cable dispatch was received at the navy department: "An uprising took place at Panama Tuesday. Independence was proclaimed. The Colombian army and navy officers were made prisoners. A government was to be organized consisting of three consuls and a cabinet. It is rumored at Panama that a similar uprising was to take place at Colon."

Later the following official statement was made regarding the news from Panama:

"A number of confused and conflicting dispatches have been received from the Isthmus indicating rather serious disturbances at both Panama and Colon. The navy department has dispatched several vessels to these ports with directions to do everything possible to keep travel open and to maintain order along the line of the railroad."

## Bad Fire at Troy, N. Y.

Albany, N. Y., Nov. 4.—Fire Tuesday night in Troy destroyed several large buildings in River street. The buildings destroyed included the Western Union office, the Reynolds furniture store and the old Cluett building, six in all. The loss will exceed \$1,000,000. No loss of life or injuries to persons are reported.

## Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life.

The change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I dreaded

They will nominate two Morrison county men for the house, probably I. W. Bouck and H. A. Rider, who were in the last legislature, and the democrats will nominate two from Crow Wing county. Con. ## THE ENDS IN A TIE.

Minnesota and Michigan Play Desperate Football Game.

Minneapolis, Nov. 2.—Michigan and Minnesota, after playing the most desperate football game seen in the West for years, left the prospective Western championship matter for conjecture by finishing with a tie score, 6 to 6.

With the score 6 to 0 in favor of Michigan and one minute to play, Boockman, substitute fullback for Minnesota, broke through an opening in the Wolverines' line, made for him by the great team work of the men in Minnesota's line, and, pushed by the entire back field, he made the touchdown and Rogers kicked the goal which tied the score.

Fully 20,000 enthusiastic spectators witnessed the struggle on Northrop Field. They left the field satisfied scarcely less than as if Minnesota had won a victory. They had seen a titanic struggle. They had seen the energy of desperate rise and recapture a game that seemed lost, and they had seen the Michigan team of two victorious years all but beaten.

The scoring was done in the second half. Heston of Michigan carrying the ball down the field for Michigan with a marvelous series of line bucks and end runs and going over the line for a touchdown. Maddock kicking the goal. Then Minnesota, with the desperation of despair, tore Michigan's line to ribbons and tied the score, to the wildly frantic cheering of 20,000 enthusiasts.

## ENGINEER'S BRAVERY

Probably Saved the Lives of Many of the Passengers--Details of Wreck

### Yesterday Morning.

What might have been a serious wreck was prevented by the coolness and bravery of John M. Grimes, engineer in charge of engine No. 708, drawing passenger train No. 14, bound from Brainerd to Duluth, says the Duluth Herald.

The train was speeding along at the rate of fifty miles an hour, when, two miles west of Carlton, Fireman Farmiloe heard the side rod on his side snap. He jumped back toward the tender in time to escape the rod, which, whirling about like a threshing flail, tore his side of the cab to splinters.

Grimes was seated with his hand on the throttle and did not have time to get out of the way. The side rod on his side then snapped also and demolished the cab and burst the steam pipes.

With the scalding steam escaping and encircling him in a cloud, Grimes stuck to his post and tried to stop the train of four coaches. He shut off the steam and reversed but the momentum of the train carried it onward. The drivers of the engine were derailed, yet the engine sped on for 3000 feet, crossed a bridge 100 feet long and 20 feet high without becoming derailed.

Grimes worked manfully, and though his face and hands were severely scalded by the escaping steam, he managed to get the sandbox working and stopped the train.

There were four coaches on the train well filled with passengers who were not aware of the danger they were in.

In speaking of the accident this afternoon, Superintendent Blanchard said that all things considered it was the most fortunate accident that ever had happened on the road. If Grimes had not stuck to his engine and stopped the train it surely would have been wrecked entailing great loss of life.

Grimes is one of the best engineers in the Northern Pacific's employ, and has been on the road about eighteen years. He lives at 1721 Piedmont avenue.

Farmiloe, the fireman, was slightly but not seriously injured. The train was due here at 8 o'clock this morning, but did not arrive until 11:30 o'clock. It was in the charge of Conductor C. H. Farmer, who lives at 316 East Third street.

The siderods on the engine were broken to pieces, the cab was demolished, the steam pipes burst, the rear driver on the left side broken and the spokes of the front driver broken.

## Lost Autumnal Tints.

"Persons who get out to gather autumn leaves for us to use in decorations," said a florist to a reporter of the New York Press, "report that in most instances the trees usually depended upon for the best coloring have no autumn tints this year. The leaves simply wither and drop off the trees without taking on the autumnal colors. A customer who returned from Yellowstone park the other day told me she had noticed the same thing out there. The leaves just shriveled up in their faded green and blew off the trees in clouds. The lack of autumnal color in the Adirondacks was at first attributed to the forest fires, but the experience seems to be general throughout the country. It is the aftermath of a most extraordinary summer."

It is suggested that Hennepin county make good by sending William Henry Eustis to congress to succeed John Lind.

Even without a formal announcement Bob Dunn has more supporters for the governorship at the election a year hence than all the other candidates combined.

The teachers at Park Rapids are on a strike. The superintendent arbitrarily dismissed the principal and the other eleven educators quit business at once pending her reinstatement.

The "depot habit" is what the Crookston Journal calls it, and the paper advises the young ladies to keep away from the incoming and outgoing trains unless they have business. The advice can well be applied to other cities.

The Minneapolis Journal's political writer says: "The democrats in the forty-eighth senatorial district talk of running Charles E. Vasaly, the able editor of the Little Falls Herald, for the senatorial vacancy next year. The republicans will nominate a Brainerd man, probably John T. Frater. They will nominate two Morrison county men for the house, probably I. W. Bouck and H. A. Rider, who were in the last legislature, and the democrats will nominate two from Crow Wing county. Con. O'Brien and Charles Johnson are probabilities", the latter prediction being taken from an editorial in the Tribune of this city.

## BRINGS A SUIT FOR SLANDER

Levi Bailey, of Crow Wing, Re-  
futes the Statement that He  
Burned Section House

## AND JAMES PORTER IS SUED

Section House at Crow Wing was  
Burned About Oct. 15 with  
all its Contents.

The legal firm of Polk & Polk, of this  
city, has instituted a suit for slander  
and the developments in the case are  
expected to be rather interesting before  
the matter is finally adjudicated.

The title of the case is Levi Bailey vs.  
James Porter, and both the plaintiff  
and defendant are residents of Crow  
Wing. The plaintiff asks for \$10,000  
damage.

The suit grows out of a statement  
made by the defendant, which the  
plaintiff believes to have been a slander  
in that it charged him with arson, the  
burning of the section house of the  
Northern Pacific company at Crow  
Wing having caused the trouble. It  
will be remembered that this section  
house with all its contents was destroyed  
by fire about Oct. 15 and at that  
time there was considerable talk about  
the matter, it being intimated that there  
was something wrong. The complaint  
in the above suit charges that the de-  
fendant on Oct. 28 made the following  
statement in the presence of the plain-  
tiff and others: "You set fire to this sec-  
tion house and Hennessy says so."  
Hennessy was the section foreman for  
the N. P. at Crow Wing. There is con-  
siderable bitterness over the matter and  
the case will be watched with interest.

## THIS IS AN ODDITY.

Petrified Apple Found in the Flume of an  
Old Chimney at N. P. Depot  
in this City Today.

When the workmen were tearing down  
the old chimney in the gentlemen's  
waiting room of the Northern Pacific  
depot in this city this morning a curi-  
osity was found which will be highly  
valued by some of the old time railroad  
men who have worked with the North-  
ern Pacific for twenty-five years or more.  
It was a petrified apple which must  
have fallen into the flume over thirty  
years ago, or about the time the depot  
was built. At that time this building  
was the most pretentious on the entire  
Northern Pacific system and was the  
general office of the company. The  
apple is as hard as a rock, and it was so  
well preserved that the color of the  
apple is easily distinguished. It was a  
russet. Even the stem was well preserv-  
ed. As creosote has recently been dis-  
covered to contain wonderful preserving  
powers, it is thought that the apple was  
kept from rotting by this chemical.

## L. C. CARLETON'S SAD MISFORTUNE

Lost a Leg While Working for the  
Great Northern in the Yards  
at Moorhead.

## LEFT HERE SHORT TIME AGO

He was a Well Known Conductor  
on the Minnesota & Interna-  
tional for a Time.

His many friends in this city will  
be surprised and pained to learn of a sad  
accident which befell L. C. Carleton, a  
well known Brainerd boy, in the Great  
Northern yards at Moorhead this morn-  
ing. He was switching with a Great  
Northern crew and in some manner  
slipped beneath a car and had one of  
his legs taken off.

But meagre details of the sad affair  
were received in this city today. The  
Odd Fellows here, of which Mr. Carle-  
ton is a member, received a wire from  
the Odd Fellows of that city stating  
what had happened and adding that he  
was being well taken care of. Further  
than this no particulars were received.  
He will be brought home as soon as he  
is able to travel. Mrs. Carleton is at  
present visiting with her people a few  
miles in the country and the news of  
the accident was sent out to her this  
afternoon.

Mr. Carleton is very well known in  
this city, having lived here for years.  
He was for years a telegraph operator  
for the Northern Pacific, and later took  
a position as switchman in the yards  
here. Still later he was with the M. &  
I. and this last summer run a logging  
train for the company.

## TO ERECT NEW WAREHOUSE.

Work Commenced this Morning on a New  
Building for the Brainerd Flour  
and Feed Company.

This morning work was commenced  
on a new building on the N. P. right of  
way just east of the Brainerd Grocery  
company warehouse for the Brainerd  
Flour and Feed company. This firm  
since it has been engaged in business in  
this city has been occupying quarters  
with the Brainerd Grocery company, but  
the rapidly increasing business of both  
firms has made it necessary for the  
Flour and Feed company to find new  
quarters. The business that they have  
been engaged in has now increased to  
such an extent that the firm is a per-  
manent fixture in Brainerd.

The new building will be a one story,  
solid brick structure 28x80 feet and will  
run back to the spur. They expect to  
carry a larger stock than ever before  
and will do a large wholesale business.

## FOR THE PUBLIC GOOD

The Information Contained in this Citi-  
zen's Statement is Invaluable  
to Brainerd People.

When a resident of Brainerd whose  
statement appears below has no mon-  
etary or other interest on the article  
which he endorses who is anxious to do  
his acquaintances and fellow residents  
a good turn, who publishes in this  
paper his experience with Doan's Kid-  
ney Pills—that citizen must have good  
and sufficient reason for doing so. The  
following should dispel any doubts  
which may have existed in the reader's  
mind on this subject:

J. Hagadorn, of 123, Ninth street N  
says: "For thirty years I had more or  
less trouble with my kidneys. Some at-  
tacks laid me up while during others  
my back ached so severely that I could  
not work at night nor work during the  
day. On many occasions I could not  
stand and talk to a man for two or three  
minutes without suffering with twinges  
across the small of my back which radi-  
ated towards the shoulders. As time  
passed by the complaint became more  
pronounced and difficulty with the kid-  
ney secretions set in. As might be ex-  
pected I tried everything when the at-  
tacks occurred to check them but if I  
had met with any marked degree of suc-  
cess I never would have resorted to  
Doan's Kidney Pills. When suffering  
severely I went to a drug store and got  
a box. I expected the results would be  
similar to those obtained by using other  
preparations. In twenty-four hours I  
changed my mind. I noticed they were  
acting totally different to anything  
hitherto tried and encouraged I kept on  
with the treatment until I finished two  
boxes. Now I may have re-occurrences  
but at the present moment and it is  
some time since I stopped the treatment  
I have not a symptom of my old com-  
plaint. To any one interested I will be  
only too pleased to give minutest details  
and substantiate the above statement  
in a personal interview."

## MUSIC AND DRAMA.

"QUINCY ADAMS SAWYER."

"Quincy Adams Sawyer," that popular  
novel which has reached the phenom-  
enal sale of 200,000 copies and is known  
throughout this broad land as "the best  
New England story ever written," has  
been dramatized and put on the stage  
in a most elaborate manner. This big  
production will be seen at the Brainerd  
theatre this evening at 8:15.

It is the fashion now to rush the  
dramatization of a popular novel onto  
the stage almost as soon as it is out, but  
in the case of "Quincy Adams Sawyer,"  
the publishers of the book waited a  
year. The aim has been to reproduce  
with great fidelity, on the stage, the  
quaint characters and the genuine New  
England homespun atmosphere in which  
they live.

Nothing that modern stage artifice  
could do to give the atmosphere of real-  
ism to the scenes has been overlooked.  
The entire production, consisting of five  
big sets of beautiful and effective scen-  
ery to be seen here are the same as used  
in New York city during the recent fa-  
mously successful run at the Academy  
of Music. The dramatization is said to  
have been very ably done by Mr. Justin  
Adams. As might well be imagined the  
story of the play is as sweetly natural  
as the breath of the fields, the good  
folks who move in its scenes are real,  
and their honest humor and every-day  
views of life are cheerful, while through-  
out the clever chain of events runs the  
golden thread of a unique love story.

The play is presented by a carefully  
selected company of well known artists.

## "A FRIEND OF THE FAMILY."

"A Friend of the Family" promises to  
be one of the most amusing farces  
Brainerd theatre goers have seen in  
years, when it comes here next Sat-  
urday, Nov. 7. It is full of complications  
that are irresistibly comical and the  
two stars of the company, George W.  
Barnum and Alice Johnson are both ex-  
cellent farceurs. Mr. Barnum has been  
loaned by David Belasco for the produc-  
tion of "A Friend of the Family," and  
Miss Johnson has been leading lady of  
the Murray Hill theatre, New York.  
The supporting company is extraordi-  
narily clever.

## WILLIAM OWEN.

William Owen, supported by Mr. J.  
W. McConnell, will be the attraction at  
the Brainerd theatre on Monday even-  
ing, Nov. 9, presenting a new romantic  
drama "When Louis XI Was King." The  
play is by Mr. Owen and is based on  
Sir Walter Scott's famous novel,  
"Quentin Durward." A most elabor-  
ate production has been made of it.

## THE ORPHEUS CONCERT.

The grand concert to be given by the  
Orpheus Concert company in the Swed-  
ish Baptist church on Thursday evening,  
Nov. 19, will undoubtedly be the musical  
event of the season. The Orpheus com-  
pany consists of Miss Esther Eugenia  
Osborn, soprano; William Wrigley,  
violinist, and J. Victor Bergquist, pian-  
ist. These are all first-class artists, and  
each one is a star in his or her line.  
Miss Osborn is without doubt the great-  
est dramatic soprano in the northwest.  
Besides being soloist in one of the lead-  
ing churches in Minneapolis—the Ply-  
mouth Congregational church—she is  
continually filling engagements as solo-  
ist at concerts and recitals all over the  
country, and is received everywhere  
with enthusiasm, not only by the au-  
dience but by the musical critics as well.  
Mr. Wrigley, who recently arrived from  
Germany, is a violinist of rare ability,  
and his playing is always greatly en-  
joyed. He appeared at numerous recitals  
in Berlin with unlimited success. Mr.  
Bergquist, the pianist, is a young Amer-  
ican born musician, although he also re-  
ceived most of his musical training  
abroad. In addition to being a first-  
class pianist he is also an accomplished  
organist, having studied with Clarence  
Eddy and Guilman in Paris.

BRINGS A SUIT  
FOR SLANDER  
Levi Bailey, of Crow Wing, Re-  
futes the Statement that He  
Burned Section House  
AND JAMES PORTER IS SUED  
Section House at Crow Wing was  
Burned About Oct. 15 with  
all its Contents.

The legal firm of Polk & Polk, of this city, has instituted a suit for slander and the developments in the case are expected to be rather interesting before the matter is finally adjudicated.

The title of the case is Levi Bailey vs. James Porter, and both the plaintiff and defendant are residents of Crow Wing. The plaintiff asks for \$10,000 damage.

The suit grows out of a statement made by the defendant, which the plaintiff believes to have been a slander in that it charged him with arson, the burning of the section house of the Northern Pacific company at Crow Wing having caused the trouble. It will be remembered that this section house with all its contents was destroyed by fire about Oct. 15 and at that time there was considerable talk about the matter, it being intimated that there was something wrong. The complaint in the above suit charges that the defendant on Oct. 28 made the following statement in the presence of the plaintiff and others: "You set fire to this section house and Hennessy says so." Hennessy was the section foreman for the N. P. at Crow Wing. There is considerable bitterness over the matter and the case will be watched with interest.

Petrified Apple Found in the Flume of an  
Old Chimney at N. P. Depot  
in this City Today.

When the workmen were tearing down the old chimney in the gentlemen's waiting room of the Northern Pacific depot in this city this morning a curiosity was found which will be highly valued by some of the old time railroad men who have worked with the Northern Pacific for twenty-five years or more. It was a petrified apple which must have fallen into the flume over thirty years ago, or about the time the depot was built. At that time this building was the most pretentious on the entire Northern Pacific system and was the general office of the company. The apple is as hard as a rock, and it was so well preserved that the color of the apple is easily distinguished. It was a russet. Even the stem was well preserved. As creosote has recently been discovered to contain wonderful preserving powers, it is thought that the apple was kept from rotting by this chemical.

L. C. CARLETON'S  
SAD MISFORTUNE

Lost a Leg While Working for the  
Great Northern in the Yards  
at Moorhead.

LEFT HERE SHORT TIME AGO

He was a Well Known Conductor  
on the Minnesota & International for a Time.

His many friends in this city will be surprised and pained to learn of a sad accident which befell L. C. Carleton, a well known Brainerd boy, in the Great Northern yards at Moorhead this morning. He was switching with a Great Northern crew and in some manner slipped beneath a car and had one of his legs taken off.

But meagre details of the sad affair were received in this city today. The Odd Fellows here, of which Mr. Carleton is a member, received a wire from the Odd Fellows of that city stating what had happened and adding that he was being well taken care of. Further than this no particulars were received. He will be brought home as soon as he is able to travel. Mrs. Carleton is at present visiting with her people a few miles in the country and the news of the accident was sent out to her this afternoon.

Mr. Carleton is very well known in this city, having lived here for years. He was for years a telegraph operator for the Northern Pacific, and later took a position as switchman in the yards here. Still later he was with the M. & I. and this last summer run a logging train for the company.

TO ERECT NEW WAREHOUSE.

Work Commenced this Morning on a New  
Building for the Brainerd Flour  
and Feed Company.

This morning work was commenced on a new building on the N. P. right of way just east of the Brainerd Grocery company warehouse for the Brainerd Flour and Feed company. This firm since it has been engaged in business in this city has been occupying quarters with the Brainerd Grocery company, but the rapidly increasing business of both firms has made it necessary for the Flour and Feed company to find new quarters. The business that they have been engaged in has now increased to such an extent that the firm is a permanent fixture in Brainerd.

The new building will be a one story, solid brick structure 28x80 feet and will run back to the spur. They expect to carry a larger stock than ever before and will do a large wholesale business.

Leave your order for storm sash at D. M. Clark & Co's. 83-tf.

FOR THE PUBLIC GOOD

The Information Contained in this Citizen's Statement is Invaluable  
to Brainerd People.

When a resident of Brainerd whose statement appears below has no monetary or other interest on the article which he endorses who is anxious to do his acquaintances and fellow residents a good turn, who publishes in this paper his experience with Doan's Kidney Pills—that citizen must have good and sufficient reason for doing so. The following should dispel any doubts which may have existed in the reader's mind on this subject:

J. Hagadorn, of 123, Ninth street N says: "For thirty years I had more or less trouble with my kidneys. Some attacks laid me up while during others my back ached so severely that I could not work at night nor work during the day. On many occasions I could not stand and talk to a man for two or three minutes without suffering with twinges across the small of my back which radiated towards the shoulders. As time passed by the complaint became more pronounced and difficulty with the kidney secretions set in. As might be expected I tried everything when the attacks occurred to check them but if I had met with any marked degree of success I never would have resorted to Doan's Kidney Pills. When suffering severely I went to a drug store and got a box. I expected the results would be similar to those obtained by using other preparations. In twenty-four hours I changed my mind. I noticed they were acting totally different to anything hitherto tried and encouraged I kept on with the treatment until I finished two boxes. Now I may have re-occurrences but at the present moment and it is some time since I stopped the treatment I have not a symptom of my old complaint. To any one interested I will be only too pleased to give minutest details and substantiate the above statement in a personal interview."

MUSIC AND DRAMA.

"QUINCY ADAMS SAWYER."

"Quincy Adams Sawyer," that popular novel which has reached the phenomenal sale of 200,000 copies and is known throughout this broad land as "the best New England story ever written," has been dramatized and put on the stage in a most elaborate manner. This big production will be seen at the Brainerd theatre this evening at 8:15.

It is the fashion now to rush the dramatization of a popular novel onto the stage almost as soon as it is out, but in the case of "Quincy Adams Sawyer," the publishers of the book waited a year. The aim has been to reproduce with great fidelity, on the stage, the quaint characters and the genuine New England homespun atmosphere in which they live.

Nothing that modern stage artifice could do to give the atmosphere of realism to the scenes has been overlooked. The entire production, consisting of five big sets of beautiful and effective scenery to be seen here are the same as used in New York city during the recent famous successful run at the Academy of Music. The dramatization is said to have been very ably done by Mr. Justin Adams. As might well be imagined the story of the play is as sweetly natural as the breath of the fields, the good folks who move in its scenes are real, and their honest humor and every-day views of life are cheerful, while throughout the clever chain of events runs the golden thread of a unique love story.

The play is presented by a carefully selected company of well known artists.

"A FRIEND OF THE FAMILY."

"A Friend of the Family" promises to be one of the most amusing farces Brainerd theatre goers have seen in years, when it comes here next Saturday, Nov. 7. It is full of complications that are irresistibly comical and the two stars of the company, George W. Barnum and Alice Johnson are both excellent farceurs. Mr. Barnum has been loaned by David Belsaco for the production of "A Friend of the Family," and Miss Johnson has been leading lady of the Murray Hill theatre, New York. The supporting company is extraordinarily clever.

WILLIAM OWEN.

William Owen, supported by Mr. J. W. McConnell, will be the attraction at the Brainerd theatre on Monday evening, Nov. 9, presenting a new romantic drama "When Louis XI Was King." The play is by Mr. Owen and is based on Sir Walter Scott's famous novel, "Quentin Durward." A most elaborate production has been made of it.

THE ORPHEUS CONCERT.

The grand concert to be given by the Orpheus Concert company in the Swedish Baptist church on Thursday evening, Nov. 19, will undoubtedly be the musical event of the season. The Orpheus company consists of Miss Esther Eugenia Osborn, soprano; William Wrigley, violinist, and J. Victor Bergquist, pianist. These are all first-class artists, and each one is a star in his or her line. Miss Osborn is without doubt the greatest dramatic soprano in the northwest. Besides being soloist in one of the leading churches in Minneapolis—the Plymouth Congregational church—she is continually filling engagements as soloist at concerts and recitals all over the country, and is received everywhere with enthusiasm, not only by the audience but by the musical critics as well. Mr. Wrigley, who recently arrived from Germany, is a violinist of rare ability, and his playing is always greatly enjoyed. He appeared at numerous recitals in Berlin with unlimited success. Mr. Bergquist, the pianist, is a young American born musician, although he also received most of his musical training abroad. In addition to being a first-class pianist he is also an accomplished organist, having studied with Clarence Eddy and Guilman in Paris.

CUMMINS IS CHOSEN  
THE REPUBLICAN CANDIDATE IS  
ONCE MORE ELECTED GOV.  
ERNOR OF IOWA.  
INDICATE DEMOCRATIC GAINS  
LEGISLATIVE RETURNS NOT SO  
FAVORABLE TO REPUBLIC-  
ANS AS FORMERLY.

THE OHIO RECORD BROKEN  
IMMENSE PLURALITY FOR REPUB-  
LICAN STATE AND LEGIS-  
LATIVE TICKETS.

Des Moines, Ia., Nov. 4.—Returns from Iowa are coming in slowly. The returns received up to 12:30 indicate the re-election of Governor Cummins by a plurality of at least 55,000, and of his associates on the ticket by substantially the same pluralities. At Democratic headquarters so large a plurality is not admitted. The legislative returns, not complete, indicate material Democratic gains from two years ago, when the house contained 82 Republicans, 18 Democrats, and senate 40 Republicans, 10 Democrats,

GOVERNOR A. B. CUMMINS.  
but the Republicans will have a working majority in both houses. The following statement was made at midnight by Governor Cummins: "I had estimated that I would receive a plurality of 60,000, and did not see how it could go above that. If the present vote is kept up I will go higher." Chairman Jackson of the Democratic committee said: "I still hold that Cummins plurality will not be over 30,000. We win several members of legislature." J. B. Sullivan, Democratic candidate for governor, expressed the belief that the Democrats had made gains over two years ago, when Cummins was elected by 82,000.

OHIO RECORD BROKEN.  
Myron T. Herrick Receives a Plurality of 100,000 Over Johnson.  
Columbus, O., Nov. 4.—Republicans broke their record in Ohio Tuesday in the plurality for governor by the election of Myron T. Herrick over Mayor Tom L. Johnson, Democrat, by considerably more than 100,000 plurality. The plurality on joint ballot of more than 75 in the legislature for the re-election of Senator Hanna, more than doubles any previous record.

The Democratic state committee soon abandoned its rooms and gave out no statements. Chairman Salen was in Cleveland with Mayor Johnson. John H. Clark, the Democratic candidate for senator and other Democratic candidates.

Chairman Dick of the Republican committee said the result was due to the "remarkable personality of Hanna, popularity of Herrick, endorsement of Roosevelt and the state administration," and that these conditions brought about harmony among the Republicans, while the Democrats were divided into factions and especially "one great faction that repudiated the single tax and other fads of Tom Johnson."

Ohio has exceeded 100,000 plurality only twice. In 1863 John Brough, Republican, was elected governor of Ohio by 101,098, when his Democratic opponent, Clement L. Vallandigham, was an exile in Canada and the soldiers were voting outside the state.

The only other time when the plurality exceeded 100,000 in Ohio was in 1894, for secretary of state, when there was a panic and the Democrats did not vote.

It is said that the Republicans have carried three-fourths of the eighty-eight counties. Shortly before midnight Chairman Dick announced that the Herrick plurality for governor would exceed 125,000 and that there would be over 100 of the 143 votes in the legislature for the re-election of Senator Hanna.

Very Close in Rhode Island.  
Providence, R. I., Nov. 4.—Returns indicate the re-election of Governor Garvin, Democrat, by greatly reduced plurality. The vote is very close, however, and the result will be in doubt until late today. Mayor Miller, Democrat, was re-elected in Providence.

DEMOCRATS CARRY KENTUCKY.  
Several Serious Election Fights Reported.  
Louisville, Ky., Nov. 4.—With the close of an election characterized by an unusually heavy vote, numerous disorders and evidences of many gross irregularities, the re-election of Governor Beckham, Democratic candidate, over Colonel Morris B. Belknap, Republican, by a majority of fully 15,000 seems assured. Republicans concede the election of Governor Beckham.  
The day in Louisville was an exciting one and the election was bitterly fought. The Republican managers claim that in thirty-two precincts in Louisville the polling places in Republican precincts were either kept closed all or part of the time or removed to obscure places. They also charge ballot box stuffing, the forcible election of Republican election officers and the intimidation of negro voters by policemen and firemen of the Democratic city administration. These conditions led to many fights, the most serious of which was between Tom Kiley, a Democratic election officer, and Jacob Kreiger, a Republican officer. The men used pistols and Kiley was seriously wounded in the head.  
At Danville, Fountain Hasby's skull was crushed during an election row. At Troy, Philip Reilly was shot by a deputy sheriff for venturing too near the polls. At Lawrenceburg, Constable James Edwards was fatally cut by Oliver Cary during a fight in an election booth.

BATES AGAIN CHOSEN.  
Republican Re-Elected Governor of Massachusetts.  
Boston, Nov. 4.—John L. Bates was re-elected governor of Massachusetts by a plurality of about 37,000 over Colonel William A. Gaston, the Democratic candidate. With a dozen cities and towns to hear from, Bates had a lead of 32,315, but as the missing towns are all strongly Republican, there is every indication that the plurality of the Republican candidate would be practically the same as that of last year, although the total vote may run higher.  
The legislature remains practically unchanged so far as the Democrats and Republicans are concerned, but the Socialist party, which had three members last year, will be represented by only one, a member from Brockton.

RESULT IN PENNSYLVANIA.  
Republican Candidates on the State Ticket Elected.  
Philadelphia, Nov. 4.—Estimates from sixty-seven counties indicate a plurality for Mathews, Republican, for state treasurer of 217,784. Snyder for auditor general, and Morrison and Henderson for judge of the superior court were given the same pluralities. Returns indicate Republican gains in forty-nine counties and Democratic in remaining eighteen counties.  
The election in the fourth congressional district to fill the vacancy caused by the death of Robert H. Forrester resulted in Moon, Republican, being elected by a majority of about 15,000.

MARYLAND RETURNS MEAGER.  
Democratic Gubernatorial Candidate Probably Elected.  
Baltimore, Nov. 4.—At 2:30 a. m. only 85 of the 308 voting precincts of Baltimore had reported. These, if the ratio of Democratic gains are maintained, indicate that Edwin Warfield, the Democratic nominee for governor, has carried the city by 7,000 of 8,000 plurality. Returns from the counties are meager, but it is not thought that the Republican vote in the state can overcome the Democratic plurality in Baltimore.

NEBRASKA GOES REPUBLICAN.  
John B. Barnes Elected to State Supreme Bench.  
Omaha, Nov. 4.—At 2 o'clock this morning the defeat of John J. Sullivan, Democratic candidate for the supreme bench, by John B. Barnes, Republican, is conceded. The majority will be between 4,500 and 5,000. Sullivan carried this city by 1,200, but this majority was wiped out in the state.  
Republicans Control the Legislature.  
Trenton, N. J., Nov. 4.—The Republicans in New Jersey elected four of the six state senators and enough of the assembly to control both houses. The entire Democratic assembly ticket was elected in Union county, which is a defeat for United States Senator Kean. Mayor Fagan, Republican, was re-elected in Jersey City. In Trenton, Mayor Katzenbach, Democrat, was re-elected.

Gratified With Results in Ohio.  
Washington, Nov. 4.—President Roosevelt arrived in Washington at night from Oyster Bay. He drove at once to the White House. The only expression which President Roosevelt would make regarding the election was that he was much gratified with the result in Ohio.  
Mayor of San Francisco.  
San Francisco, Nov. 4.—Incomplete returns indicate that Eugene T. Schmitz, labor candidate, has been re-elected mayor with Charles Crocker, Republican, a fairly close second. W. J. Hassett, Democrat, is elected mayor of Sacramento over Albert Elkus, Republican, by 630 votes.

Vardaman Governor of Mississippi.  
Jackson, Miss., Nov. 4.—The vote in the state election was light. The Democratic ticket headed by J. K. Vardaman for governor, was elected, there being no opposition. The race for clerk of the supreme court, in which there were five candidates, is in doubt.  
Democrats Sweep Virginia.  
Richmond, Va., Nov. 4.—The election in Virginia, which was for members of the assembly, resulted in a Democratic sweep of the state. There were few contests, the field as a rule being left open to the Democrats.

RACE WAR IN ARKANSAS.  
White Man Killed at a Colored Man Lynched.  
Lake Village, Ark., Nov. 4.—Frank Anderson, white, and Henry Johnson, colored, are dead and three persons are wounded as the result of trouble between whites and blacks Tuesday. The trouble was not settled until Johnson was lynched.  
A row occurred between negroes and whites early in the day. It is said that during the affray Ed Coleman, colored, drew a pistol and began to shoot. A fusillade followed and when it ceased it was found that Anderson was dead, R. Vinson, a lawyer, was shot twice; Joseph Frame was wounded in the foot, and Ella McDowell, colored, was shot in the back. Coleman fled and a posse at once started in pursuit. Johnson, one of the negroes in the crowd, was arrested and placed in jail.  
Excitement ran high among the people and increased until noon, when the courthouse bell sounded and most of the whites assembled. After a few speeches were made the crowd started after Johnson.  
Sledge hammers and railroad irons were quickly found and in thirty minutes four doors of the jail had been broken in. The mob quickly secured the negro, took him to the center of town and hanged him.

WARNED TO LEAVE TOWN.  
Colored Residents of Chicago Suburb Alarmed.  
Chicago, Nov. 4.—Excitement prevails among the colored citizens of Morgan Park as the result of the posting of placards throughout the town giving notice to all colored persons that they will be allowed forty-eight hours in which to leave the place. Several families have already left, taking with them whatever goods they could conveniently carry, and it is expected that others will follow their example.  
The order to leave is the outcome of the murder of Chief of Police Alvey Saturday night by Mack Wiley, who, with several other of his colored friends, was out on a Halloween spree.

ASSAULTED BY TRAMPS.  
President of Waterloo (Ia.) Gas Company Fatally Injured.  
Waterloo, Ia., Nov. 4.—John Rush, president of a local gas company, was assaulted by tramps near his home and died of his injuries. His assailants have not been captured.  
Mr. Rush was prominent in the Iowa Traveling Men's association and was well known throughout the state.

SENSATION PROMISED.  
Princess Radziwill Sues Trustees of Rhodes' Estate for \$7,000,000.

London, Nov. 4.—Princess Radziwill has issued a writ demanding \$7,000,000 from Lord Rosebery, Earl Grey and Messrs. Alfred Beit, Dr. Jameson, L. L. Mitchell and B. A. Hakesley, trustees of the estate of the late Cecil Rhodes, under an agreement alleged to have been made on or before June 20, 1895, between herself and Mr. Rhodes. This is a sequel to the arrest and imprisonment of the princess at Cape Town in 1902 on the charge of forging Rhodes' signature to bills for several thousand pounds. The case, which doubtless will prove sensational, is expected to lead to many exposures. The friends of Princess Radziwill say she possesses documents of high political importance, which were suppressed during the trial at Cape Town and which will be produced in court, dealing with South African matters, particularly with the Jameson raid and the alleged complicity of former Colonial Secretary Chamberlain.  
The princess' lawyers refuse to furnish particulars of her claim, but they assert that the document on which they base their claim is a regular contract in writing.  
Princess Radziwill was sentenced to two years' imprisonment by the supreme court of Cape Colony April 30, 1902, for forgery in connection with notes purporting to have been endorsed by the late Cecil Rhodes. She was liberated from prison Aug. 11 last.

## DISCREDITS THE REPORT.

Wyoming's Governor and Second Battle With Indians.

Cheyenne, Wyo., Nov. 4.—Governor Chatterton discredits the report of a second battle with Indians, he having received information indicating that no posse could possibly have come up with the fugitives as yet. The fugitives have thirty-six hours' start of the first posse to reach the battlefield. Eagle Feather, reported wounded, is a halfbreed Indian and is known by the name of Charley White when associated with whites. He is a highly intelligent Indian, a graduate of the Carlisle college, where he played on the football team.  
Hearing that Sheriff Miller intended to stop the depredations of his party he sent word to the officer that he would never be taken. The trouble with the Sioux has been brewing for several years.  
The pursuit of the Indians has been abandoned, as they cannot be located.
